By Nicola Yelland

Open University Press. Paperback. Book Condition: new. BRAND NEW, Contemporary Perspectives on Early Childhood Education, Nicola Yelland, This book considers and interrogates a range of new and critical issues in contemporary early childhood education. It discusses both fundamental and emerging topics in the field, and presents them in the context of reflective and contemporary frameworks. Bringing together leading experts whose work is at the cutting edge of contemporary early childhood education theory and research across the world, this book considers the care and education of young children from a global perspective and deals with issues and groups of children or families that are often marginalized.
