Brand New Book ***** Print on Demand *****.This is an important guide for survivors, caregivers, and families that experience the devastating effects of stroke or brain injury. The statistics are even higher for traumatic brain injury, and are reaching record proportions daily, as a by-product of the two wars America faces, with Afghanistan and Iraq. From a layperson s perspective, the author, Pam Papas, shares her knowledge and recent experience as her husband, Chris, miraculously survives an extremely large brain hemorrhage. She engages you in her well documented journey, as she creates a healing atmosphere for his recovery. She reminds us of the importance of words and thoughts we share to comfort each other. Each chapter provides a Best Practices section of strategies that were employed during her husband s recovery, or learned from his process. She carefully guides you through the wide range of emotions associated with stroke, and encourages your endurance. The guide is not a medical book, instead it embraces the gap between medical science, healing and recovery. This is a story of faith, hope and endurance. A much needed resource, for caregivers, families and survivors of stroke or brain injury. The book is designed...
