Reviews

It is one of my personal favorite books. It is one of the most incredible ebooks I have ever gone through. You will not feel monotony at any moment of your own time (that's what catalogues are for relating to if you ask me).

It was to be expected that this universal development of the art instinct in our young people would lead to the demand for high art in schools - at least so far as the placing of good examples before the eyes of the pupils is concerned - and this demand is being met by thoughtful educators everywhere. It is our purpose in these pages to show what practical use can be made of pure examples of the pictorial art in inculcating lessons of permanent value in youthful minds; and also how they can be made auxiliaries to the regular school studies, such as history, geography, literature, and science. In teaching art in schools it is an excellent idea to present groups of subjects appropriate to the seasons as they come and go. As the gathering in of the rich products of Mother Earth approaches, take a look at a few harvest pictures by celebrated artists. The ever fruitful topic of Thanksgiving comes closely after, followed by the beautiful Christmastide. There is a large range of subjects from which to choose for Christmas, and many excellent lessons may be taught from them. The months of February, March, and April give us patriotic days to study pictorially, and spring is a subject delightful to old and young alike. The loveliness of June and the patriotism of the Fourth...
