

Wild Goose Chase: Reclaiming the Adventure of Pursuing God

Filesize: 3.22 MB

Reviews

The most effective book i at any time read through. It is definitely simplistic but surprises in the fifty percent from the ebook. Your daily life span will probably be enhance once you full reading this ebook.

(Jules Dietrich V)

WILD GOOSE CHASE: RECLAIMING THE ADVENTURE OF PURSUING GOD

Multnomah Press. Paperback. Book Condition: new. BRAND NEW, Wild Goose Chase: Reclaiming the Adventure of Pursuing God, Mark Batterson, "The Celtic Christians had a name for the Holy Spirit that has always intrigued me. They called Him An Geadh-Glas, or "the Wild Goose." I love the imagery and implications. The name hints at the mysterious nature of the Holy Spirit. Much like a wild goose, the Spirit of God cannot be tracked or tamed. An element of danger and an air of unpredictability surround Him. And while the name may sound a little sacrilegious at first earshot, I cannot think of a better description of what it's like to pursue the Spirit's leading through life than "Wild Goose chase". I think the Celtic Christians were on to something that institutionalized Christianity has missed out on. And I wonder if we have clipped the wings of the Wild Goose and settled for something less - much less - than what God originally intended for us. I understand that "wild goose chase" typically refers to a purposeless endeavor without a defined destination. But chasing the Wild Goose is different. The promptings of the Holy Spirit can sometimes seem pretty pointless, but rest assured, God is working His plan. And if you chase the Wild Goose, He will take you places you never could have imagined going by paths you never knew existed. I don't know a single Christ follower who hasn't gotten stressed out over trying to figure out the will of God. We want to solve the mystery of the will of God the way we solve a Sudoku or crossword puzzle. But in my experience, intellectual analysis usually results in spiritual paralysis. We try to make God fit within the confines of our cerebral cortex. We try to reduce the will of...
