

Teaching Science Creatively (Paperback)

By Dan Davies, Deb McGregor

Taylor Francis Ltd, United Kingdom, 2016. Paperback. Book Condition: New. 2nd Revised edition. 246 x 174 mm. Language: English . Brand New Book. How can you unlock your own creativity to help children learn science creatively? How do you bring the world of real science into the classroom? Where does science fit in a creative curriculum? This second edition of Teaching Science Creatively has been fully updated to reflect new research, initiatives and developments in the field. It offers innovative starting points to enhance your teaching and highlights curiosity, observation, exploration and enquiry as central components of children s creative learning in science. Illustrated throughout with examples from the classroom and beyond, the book explores how creative teaching can harness children s sense of wonder about the world around them. With easily accessible chapters, it offers a comprehensive introduction to the core elements of creative science learning, supporting both teacher and child in developing scientific concepts and skills. The book explores key issues such as: * the links between scientific and creative processes * how to teach creatively, and for creativity * the role of play in early scientific learning * developing scientific understanding through drama (new) * using the...

Simply no phrases to clarify. It is really basic but surprises from the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
